NDTA Presents Corporate Distinguished Service Awards at the 64th Annual Logistics & Transportation Forum and Expo

The voice of Global Defense Logistics

[Alexandria, VA; September 27, 2010] - - - Every year, corporations that have made significant contributions in the areas of logistics, transportation and Association leadership are recognized at the Annual NDTA Logistics and Transportation Forum and Expo. On September 22nd, thirty outstanding companies, and their employees, were honored at the NDTA International Awards Luncheon held at the Gaylord National Harbor Hotel. All of these firms are actively involved in NDTA; from leading NDTA Functional and Administrative Committees to hosting NDTA events, they benefit the broad-based membership throughout the year at both the National and Regional levels. Company representatives share knowledge as speakers, session leaders and panelists; they provide thoughtful commentary to the Association's bi-monthly publication, the *Defense Transportation Journal*; and they introduce current industry trends at NDTA expositions and trade shows. Many provide Chapter leadership to help shape local community and scholarship programs.

"Our core mission is to advance the knowledge of global logistics and transportation, and facilitate knowledge-sharing between government and industry," said NDTA President Kenneth R. Wykle, LTG, USA (Ret.). "Our Corporate Members have provided invaluable assistance to us in fulfilling this educational mission to foster a strong and efficient global logistics and transportation system in support of National security."

In 2010, corporate support has surpassed that of years past. Their loyalty to NDTA helps to ensure viability and sustain programs and events that are open to members and the public.

Through the NDTA Awards Program, recognition is given to a wide variety of individuals, corporations, students and military organizations for their achievements. For more details, please contact [Mark Victorson](#) [703-751-5011].
