Panther Premium Logistics Announces Sponsorship: 12th Cold Chain GDP & Temperature Management Logistics Global Forum

Panther Premium Logistics Joins Roster of Event Sponsors for Premier Event for Temperature Controlled Life Science Products

Boston, MA – Panther Premium Logistics™, an ArcBest company, is pleased to announce its participation in the **12th Cold Chain GDP & Temperature Management Logistics Global Forum** to be held **September 29-October 3** at the John B. Hynes Convention Center in **Boston, MA**. The premier event for executives responsible for temperature controlled life science products of all ranges, industry leaders will showcase practical sessions with actionable take-aways, unmatched benchmarking opportunities and fresh perspectives relating to the modern cold chain, supply chain integrity, and global GDP requirements.

The Global Forum's program is strategically designed for a customizable learning experience based on the unique needs of each business. The Global Forum will offer new interactive formats including Blue Sky Room discussions for timely industry verticals including Vaccines & Diagnostics, Blood, Biologics & Biobanks, and Biotechnology & Small Pharmacy Supply Chains, advanced & intermediary workshops developed to deliver real-time answers to the industry's most pressing concerns and two unique Master classes that provide skill development and best practice sharing for temperature-sensitive packaging and GDP essentials.

New strategies and tools for taking supply chain integrity management to the next level will be discovered each day, with the help of an impressive speaker faculty. Featured top industry leaders at the event include **FDA, United States Pharmacopeia, Vascular Science, AbbVie, Purdue Pharma, Eli Lilly** and **Cardinal Health** among others.

As a sponsor, Panther Premium Logistics will be displayed in the Expo Hall and representatives will offer an interactive and informative experience with their products. They will also be hosting a session within the "Supply Chain Integrity" track on day two of the main conference, Thursday, October 22nd.
